Pick-up Policy and Procedures

During term time Bright Futures 4 All (BF4ALL) After School Club will endeavour to provide an efficient and smooth running pick-up service from designated local schools (or) bus stops.

Aims and objectives

The aim is to ensure that all children are picked up on time and escorted back to the club in a safe and orderly fashion and to provide a back-up plan in cases of emergency/problems during pick-up from schools.

These guidelines form part of the (BF4ALL) After-School Club policy and procedures, and must be adhered to at all times by all staff.

- Staff must always arrive at the school before the children are let out of class.
- Before leaving the club, staff must check the diary and noticeboard for details of any changes to pick-up arrangements made by parents/carers on each day.
- Individual school pick-up registers must be updated to clearly show these changes, and to that all the children are accounted for before leaving the school.
- School pick-up registers must contain each child's full name, class and teacher's name.
- Telephone numbers of the centre managers should be listed in case of emergencies / problems.
- One staff member should always take the BF4ALL mobile phone with them to relay messages to and from the centre if necessary.

In accordance with health and safety procedures, the following ratio of staff to children must be complied with;

Infants: 1 staff member to 8 children

Juniors: 1 staff member to 10 children

Due to London's busy main roads it is necessary to have a minimum of 2 adults for the infants and 2 adults for the juniors.

Please note that it is the responsibility of parents to ensure their children behave and cooperate fully with (BF4ALL) staff during pick-up from school.

Pick-up Points

(TBC)

Assemble at the _____situated _____next to the _____. Children must make their own way to the meeting point with adult supervision.

Notes

- If a child who is registered to be collected from school is not at the collection point, staff must check with the child's class teacher before leaving the school and the register noted accordingly. It is important that all children are picked up on time. It is unacceptable for a child to be left behind at school.
- Parents must phone or let a member of staff know in advance if their child is not to be collected from school on any particular day.
- When all the children are gathered staff must check that they have bags and coats etc.
- Staff must then check again to make sure all children are present by doing a register and a head count.
- Any message from teachers to parents must be relayed in writing.
- All children are expected to go to the toilet before being picked up by Acorn.
- Children should be lined up in two's and walked back to the centre in an orderly fashion.
- Children are not allowed to go to any cake sales, shops, or back to their classrooms once picked-up
- There is to be no eating or drinking on the way back to the centre, and no stopping to talk to friends.
- Any children that walk slowly should walk at the front of the line to determine the pace of the group. It is important to keep the line together.
- All incidents/problems must be reported to the manager on arrival back at the centre, so that strategies can be put in place to avoid future problems.
- Once back at the centre, all children will be rechecked against the main register at the centre (there is one register for Dalmain and William of York, one for Stillness Infants and one for Stillness Juniors). No child shall be marked in the register unless he/she is present. The time of arrival should be recorded on the bottom of the register.
- Once completed the main register should be checked against the pick-up register to ensure all children who were picked up have arrived.

- If children are dropped at the centre by a third party, for example if they attend an after school activity at school, they will be signed in by the responsible adult dropping them at the centre in the extra pick-up register. Once again the time of arrival should be recorded.
